

DRAFTSIGHT 2025 SP1

List of Fixed IRs

IR #	Brief Description of issue(s) fixed
IR-1285169	View Users are unable to generate or display isometric views within DraftSight 2024
IR-1175873	Drafting Cannot efficiently edit large texts saved in DraftSight, causing serve lag when adding additional lines
IR-1295575	File Unresponsiveness when opening and navigating specific DWG files in DraftSight, especially those with multiple layouts
IR-1328001	Performance DraftSight exhibits performance issues when working with heavy files, including lag during zoom and pan operations and jerky cursor movements during entity creation
IR-1309464	Print An issue with retaining Print Configuration in a separate/new window in a new drawing
IR-1310226	Drafting Files containing notes for the specific nodes are not behaving as intended
IR-1334253	General DraftSight crashes when editing block if multiple DWG files are open and the user switches between the drawings
IR-1336475	Print Batch Print to PDF produces blank pages for certain sheets

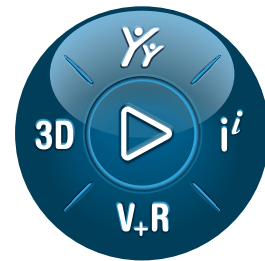

IR #	Brief Description of issue(s) fixed
IR-1334322	File Problems with external reference files having the same name
IR-1304675	Open/Save DraftSight sometimes ignores the default save file type when closing documents
IR-1310918	Print Geometric tolerances and text appear incorrectly in the PDF
IR-1325388	Font Special System Language - Traditional Chinese system cannot insert “標楷體” font
IR-1324235	Drafting The issue with Angle Precision in DraftSight
IR-1313537	General Images inserted within blocks in a DraftSight drawing are visible in the printed PDF output but not displayed within the original drawing
IR-1284261	Drafting DraftSight becomes unresponsive while using the join command
IR-1308274	General The function call (getvar “GETLSTPRMPT”) is showing HTML code in the command window
IR-1314382	Font Text included in Multi Leader cannot be searched using the ‘Find Tool’ in DraftSight
IR-1306751	Drafting Geometry in dwg file shifts while editing multiline text
IR-1308790	Drafting DraftSight's getlstcmd variable is missing from DraftSight Help webpage and doesn't work correctly in the command line
IR-1286821	General Auto-hide palettes in DraftSight disappear while in use, making them ineffective
IR-1306299	General QSELECT's “Remove Block by Name” function is not working correctly in DraftSight
IR-1318412	File Part of the drawing is missing or invisible in DraftSight generated PDF
IR-1296739	Annotation The slowness/delay has been observed while editing note
IR-1305865	Blocks The “Allow Exploding” setting for a custom block reverts from ‘No’ to ‘Yes’ after inserting the block into a different drawing

IR #	Brief Description of issue(s) fixed
IR-1262399	Import/Export Export to eDrawings command does not work correctly if eDrawings is not installed on a system
IR-1267936	General Editing underline/overline in DraftSight attributes causes unexpected value changes
IR-1313428	Blocks Attaching Block Attributes to Part References in DraftSight Mechanical does not work
IR-1292924	File Consecutive DWG selections in the custom title block tool can crash DraftSight
IR-1153970	Print Printing PDF with 3D Model objects cause green lines in Enterprise, resulting in unwanted extra lines

Dassault Systèmes is a catalyst for human progress. Since 1981, the company has pioneered virtual worlds to improve real life for consumers, patients and citizens.

With Dassault Systèmes' 3DEXPERIENCE platform, 370 000 customers of all sizes, in all industries, can collaborate, imagine and create sustainable innovations that drive meaningful impact.
